

- Urinal is 18" long x 12" deep x 26" high constructed of #16 ga. (.059" thk.) type 304 stainless steel.
- Bottom of urinal is sloped to the center where a 1 1/2" type 304 stainless steel male NPT outlet is located.
- Mounting holes, located on the back of the urinal, are 1/4" dia. located on 16" centers.
- All joints are welded continuous and water tight.
- A fold and flatten process is applied on both sides and the front to eliminate sharp edges. The exterior of the folds have a #3 finish.
- Standard finish is a glass bead blast on the interior and exterior (sides only). This provides a smooth uniform finish.
- Approximate weight = 22 lbs.

FOLD & FLATTEN  
ON 3 SIDES
